### **ADD-ON COURSE**

**In**

### **FORENSIC SCIENCE**

**Assessment Year: 2021-22**

## **FORENSIC SCIENCE**

**In association with [www.learntoupgrade.com](http://www.learntoupgrade.com)**

**Duration 30 hrs**

### **COURSE OBJECTIVES**

- To understand the importance of forensic science in crime investigation with respect to Process of Evidence Collection, Preparation & Presentation of Evidences and writing reports
- To understand the different methods of questioned document examination
- To evaluate handwriting and finger print cases

### **SUMMARY REPORT**

#### **About the course:**

Forensic science, or forensics, is concerned with gathering and analysing the evidence from a criminal case with the purpose of revealing the truth. By analysing fingerprints, footprints, blood spatter, traces and remains, forensic scientists seek to reveal the identities of criminals, as well as the complete facts related to criminal events

This course was organized by Deva Matha College, Kuravilangad Kerala in collaboration with learnt upgrade. This workshop has been successfully completed under the joint coordinator ship of Dr. Pallavi of learntoupgrade and Dr. Deepthi John of Deva Matha College. They have tailored all the related content shared during the workshop. Just after the conclusion of the workshop, the participants were enlightened on the career opportunities in this field.

**Students enrolled: 20**

**Certification:** All participants who attend the training have been awarded with the certificate.

#### **Scope of Forensic Science**

The scope of forensic science is vast. One can get jobs in various government & private sectors. The study will improve one's skills and knowledge. One can get employment in Forensic Laboratories, Detective Offices, Banks and other Govt. and private agencies.

#### **Career & Jobs**

Due to increase in crime rate and criminals, the scope of Forensic Science has increased exponentially. There are lots of job opportunities in the field of Forensic Science. The need of forensic scientists is huge all around the world, especially in India.

Forensic scientists can be employed in the government sector. They work in different law enforcement agencies and investigation departments such as police, investigative services of state and central government and legal system. A trained forensic scientist may be hired by the Central Bureau of Investigation (CBI) & Intelligence Bureau (IB). One can also work as a freelancer as forensic scientists specializing in one segment & can be paid much. One can

also work as a legal counselor after gaining experience as a Forensic Scientist.

Teaching is another interesting career for forensic scientists.

## **Syllabus:**

Module 1: Introduction to Forensics

Basics of Forensic Science, Basics of Forensic Science, Class1 FS

Module 2: Forensic Documents

Module 3: Process of Evidence Collection

Module 5: Preparation & Presentation of Evidences

Module 6: Investigating Handwriting and Fingerprint Cases

Module 7: Writing Reports

Module 8: Fingerprint Developments

## **COURSE OUTCOME**

Students will be able to recognize diverse aspects of Forensic science, like Process of Evidence Collection, Preparation & Presentation of Evidences, questioned document examination, Investigating Handwriting and Fingerprint Cases and writing reports.

- Students will develop technical and professional skills, competencies, and thought processes sufficient to support further study or work in this field of Forensic Science.

**Assessment Procedure:** The add on course shall carry 60 marks with 50% Continuous Assessment (equal weightage to Assignment and viva voce) and 50% written examination of 1 hour duration.

## **Grading**

The percentage of marks obtained by a candidate in a course will be indicated in a letter grade. Evaluation of the performance of the student will be rated as shown in the Table.

Letter Grade	Marks %
A	90 and above
B	80-89
C	70-79
D	60-69
E	50-59
RA(Reappearance)	< 50
W	Withdrawn from the examination

ATTENDANCE  
Time: 7.30-9.30 PM
