#### **NSS UNIT OF DEVA MATHA COLLEGE**

The overall personality development of a student will be complete only through a better understanding of the society in which he lives and through meaningful interventions in the society. NSS is an organization which gives ample avenues to its volunteers to engage in community service, develop empathy and to help the marginalized sections of society to come forward in life.

The history of NSS in Deva Matha College,Kuravilangad starts with the inception of NSS in the University of Kerala itself. The first ever inter collegiate camp of the university was hosted by Deva Matha College in 1971.

With the novel programmes and committed services of our team of programme officers and volunteers, our NSS unit (Unit number 12 of Mahathma Gandhi University, Kottayam) has been able to secure the best unit award several times in Kerala University as well as Mahatma Gandhi University. The guidance and support of a team of teachers who have proved their passion and commitment to NSS as Programme Officers is the strength of our NSS unit to engage in programmes with a difference which benefits the local and needy community.

The NSS Unit of the College during the academic year 2017-2018 was spearheaded by Dr. Jaison P. Jacob, Assistant Professor, Department of English and Smt. Praseeda Mathew, Assistant Professor Department of Physical Education. The volunteer secretaries were Collin Johnson II BSc Physics and Sandra R. Kumar II BSc Chemistry. A College level advisory committee is constituted by the Principal to plan and execute NSS activities.

#### 1.3 Ozone Day: September 16..Nature Sensitizing Trip.

OFRIDADS

Ozone depletion a serious environmental problem that poses a great threat to the very existence of life on earth, and it is imperative to educate the younger generation about the importance of preserving the ozone layer. There are many measures to achieve this end like controlling the emission of chloroflurocarbon, reducing environmental pollution etc. the most important of all is to preserve nature. The first step towards preserving nature is sensitizing the students about nature and biodiversity. With a view fulfilling this end, the NSS unit of our college conducted a nature study trip to Thattekkadu bird sanctuary, Bhoothathankettu dam and Paniyeli, a river island in Periyar. The trip was highly informative and enlightening.

#### **1.4 Energy Conservation Rally**

The energy sources of the world are getting exhausted rapidly. What will happen when petroleum is completely drained out is a million dollar question. Though highly harmful to the environment as well as man, the major alternative suggested is nuclear power. Other alternatives suchas solar power and wind energy are thought to be highly expensive and unaffordable. So, the world is fast moving towards a perilous edge. What we can do to slow down this slide is to conserve energy in all possible ways. Switching over to a less energy consuming way of life is the most effective way we can materialize this goal. To create awareness among the public about the importance of energy conservation, the NSS unit of Devamatha College in association with Energy Management Centre, Kerala, organized an energy conservation rally in Kuravilangad town and the adopted village.

#### **1.5 Independence Day: Swatch Bharat Rally (Suchitwa Sangama Rally)**

Swatch Bharat is a programme launched by the central government with emphasis on cleanliness and public hygiene. In order to spread the message of swatch Bharat, NSS Unit of Devamatha College, in association with NCC and Kuravilangad Gramapanchayat, conducted a swatch Bharat rally in Kuravilangad town and the adopted village on 15 August 2017. The unit also spearheaded a campaign against plastic waste by collecting plastic waste and handing them over to recycling units.

#### 1.6 Awareness Class and Training on Organic Farming: 21 August 2017

Organic farming is a major programme that the NSS Unit of Devamatha College has undertaken this year. The use of chemical fertilizers and pesticides has poisoned our food and damaged our health to a great extent. In this context we thought that as responsible citizens, we should do something to spread the message of organic farming. Hand in hand with the university's Jaivam 2017 campaigne, we also decided to launch an organic farming programme in our college. As the initial step, we arranged an awareness class and training programme for our volunteers led by Sri. George Mullakkara, the president of Kerala Jaiva Krshaka Samiti on 21 August 2017. As part of the training programme, the volunteers filled grow bags and planted vegetable seedlings in them.

#### 2. HUMAN RIGHTS PROGRAMMES

#### 2.1. Tibetan Refugee Poet Tenzin Tzundue met the students: 11 Dec. 2017

**Tenzin Tsundue** is a poet, writer and Tibetan activist. He won the first-ever Outlook-Picador Award for Non-Fiction in 2001. He has published four books to date which have been translated into several languages: Crossing the Border(1999), Kora (2002), Semshook (2007), Tsen-göl (2012). Tsundue's writings have also appeared in various publications around the world including the International PEN, *Outlook*, and The Times of India. Tenzin Tsundue joined Friends of Tibet (India) in 1999 and is the current General Secretary. Tsundue lives in Dharamshala, North India.

The Tibetan cause is one of the most severe cases of human right violations in the world. Several millions of Tibetans are forced to leave their homeland and live as refugees in different parts of the world, mostly in India. We thought that bringing Tenzin Tzundue to the college and giving our students a chance to interact with him will be a golden opportunity for our students to understand the various dimensions of the refugee problem and the human right violations involved in it. Tzundue was happy to accept our invitation, and we had a very nice and informative session with him in the college campus.

Programme Officer National Service Scheme Devanation College Kurastlangadu Tzundue said that the Tibetan refugees in India are neither the citizens of India nor of Tibet or China. They are a floating population for whom homeland is a foggy dream and life in the present is a burning experience. He said that using force against a defenceless people is a form of cowardice. He said that the Chinese citizens must be ashamed of their government for brutally oppressing the Tibetans and violating their basic human rights.

#### **3 NATIONAL INTEGRATION PROGRAMMES**

#### **Baul Song: Know Your Culture Programme**

"Know Your Culture Programme" is designed by the NSS unit of Devamatha College, Kuravilangad in the academic year 2017-18 in order to introduce to our students various forms of cultural expressions and unique ways of life indicative of the cultural diversity of India. A knowledge of the cultural diversity is paramount to the notion of national integration. We thought it wise to launch the programme with a presentation of *Baul Song*, typical of the culture of Bengal. In response to our invitation, a team of six Bauls visited our college and performed before the whole college. The Department of English is our associate in launching this prestigious and most relevant programme.

Baul or Bauls (Bengali: বাটিল) are a group of mystic minstrels from Bengal, which includes the country of Bangladesh and the Indian State of West Bengal. Bauls constitute both a syncretic religious sect and a musical tradition. Bauls are a very heterogeneous group, with many sects, but their membership mainly consists of Vaishnava Hindus and Sufi Muslims. They can often be identified by their distinctive clothes and musical instruments. Not much is known of their origin. Lalon is regarded as the most important poet-practitioner of the Baul tradition.<sup>[3][4][5]</sup> Baul music had a great influence on Rabindranath Tagore's poetry and on his music (Rabindra Sangeet). Bauls have devised their own traditional musical instruments, the most important one of which is "Ektara", a single stringed veena.

Although Bauls comprise only a small fraction of the Bengali population, their influence on the culture of Bengal is considerable. In 2005, the Baul tradition was included in the list of "Masterpieces of the Oral and Intangible Heritage of Humanity" by UNESCO.

Baul music celebrates celestial love, but does this in very earthy terms, as in declarations of love by the Baul for his bosh-tomi or lifemate. With such a liberal interpretation of love, it is only natural that Baul devotional music transcends religion and wipes out the superficiality of religious divisions and parochialism.

#### **4. GO ORGANIC PROGRAMMES**

Organic farming is a topic that has gained a lot of relevance and currency today. Imprudent ways of cultivation with the unwise use of chemical fertilizers and pesticides has made our soil filled with toxins and poisons. The vegetable, cereals, pulses and many other agricultural products that we produce have thus become capsules of diseases. The result is an unhealthy and diseased generation who does not know how to choose between healthy and unhealthy food habits.

NSS unit of Devamatha College has a clear vision about its responsibility in giving students the right kind of message in this respect. For the last three years, the unit has undertaken various kinds of organic farming practices which has given the students remarkable exposure to alternate ways of cultivation and eating habits. The unit has organized various awareness programmes on organic farming as well as actual cultivation. The following is list of various organic farming activities we have undertaken in the academic year 2017-18.

#### 4.1. Jaivam 2017

Jaivam 2017 is a mega campaigne organized by the National Service Scheme of Mahatma Gandhi University in order to spread the message of organic farming. As part of the campaigne, all colleges under MG University conducted special camps in every panchayat in Kottayam district with a view to converting Kottayam district into a district that has acquired 100% organic literacy. Devamatha College also actively participated in the campaigne. The programme officer Dr. Jaison P. Jacob served as the Taluk level coordinator for Vaikom Taluk. Our NSS unit selected Kuravilangad gramapanchayat as its area of activity.

85 volunteers from our college participated in the inaugural session held at the university. Sri. George Mullakkara, state president of Kerala Jaiva karshaka samiti, took an awareness class for the volunteers on 21 August 2017 followed by training in methods of organic farming. The campaign was highly successful. The local population gave a highly nositive response to the programme. The local body gave their whole-hearted cooperation. The students also benefited greatly. Many of them opined that it was a novel experience for them which was highly informative and enlightening.

## 4.2. Organic Vegetable Cultivation

Our unit undertook vegetable cultivation in the campus in organic way. We had a very good harvest. Only organic manure like cow dung and jeevaamrutham, and organic pesticides like neem oil were used for the cultivation.

#### 4.3. Fallow Land Organic Paddy Cultivation in 2 acres.

The most important and prestigious activity of the year was the fallow land paddy cultivation that the unit undertook in two acres. The paddy field had been laid barren for the last twenty years. We reclaimed the land and cultivated paddy with the assistance of agricultural department. Our volunteers got a first-hand experience of paddy cultivation. From preparing the land to harvest, they witnessed various stages involved in the cultivation of paddy. We consider it a great achievement. The percentage of paddy cultivation is becoming less and less every year and the people of Kerala are depending more and more on other states for getting their staple food. We believe that our fallow land cultivation has given our students positive experiences and examples that would call their attention to this serious problem. Some photographs showing various stages of the paddy cultivation are given below.

The harvest was on 27 February 2018. We had a huge harvest of **3000 kilograms** of excellent rice. The students took sickles in their hands and had an experience of harvesting paddy. Farmers of the elder generation shared their experiences and demonstrated before the students the technical aspects of paddy harvesting. The whole event was covered and telecast by Mathrubhumi seeds. Mahatma Gandhi University Jaivam 2017 coordinator Sri. G. Sreekumar, Kanakkari Agricultural officer Smt. Mini Thampi, College manager Rev. Dr. Joseph Thadathil, local body authorities and local population were present apart from the principal and the programme officers.

## **Brief Report**

The Women's forum of Deva Matha College, Kuravilangad conducted a Career Guidance class on 15/11/2017 with the objective of introducing new career opportunities and possibilities to the students. Dr. Sr. Fancy Paul - Assistant Professor, Department of English, Deva Matha College Kuravilangad was the spokesperson. The programme had the participation of 55 students and aimed to help the students explore and plan their future career endeavours based on individual interests, skills and values. In a world where a multitude of choices are available for education and career path, it often becomes difficult for students to choose the right career path. The Career Guidance Class was conducted considering this concern of the students and with an objective to help them tackle their confusion and to assist them in choosing the correct path which will match their aptitude and give them good opportunities for their future.

Dr. Fancy Paul led a session on career guidance.

The number of teachers who coordinated the programme	: 4
The number of students who participated in the programme	: 10

# **Brief Report**

The Women's Forum of DevaMatha College Kuravilangad had conducted an Education Promotion for Okhi affected Girls on 13<sup>th</sup> February 2018. Cyclone Ockhi, which battered Lakshadweep, Tamil Nadu and Kerala on November 29, 2017, before heading towards Gujarat, had killed 143 fishermen in Kerala. Only 52 bodies could be recovered, while the remaining 91 missing fishermen were declared dead. So, apart from counselling, we closely monitored the situation of families who have lost their breadwinners. It has been decided to give top priority to the education of children and the education fund was provided to them with the help of the Vienna Malayali Association.

Children benefitted from the education promotion programme.
