The women's forum of Deva Matha college conducted an art exhibition & sale on 14/12/2021. The programme was for the students of Deva Matha college. Dr. Brincy Mathew, Asst. Professor, Research and P.G Department of Malayalam coordinated the programme.

An art exhibition is essentially the best way to establish the fundamentals for branding, self-understanding, networking, future development, public awareness, breaking ground, and so on. In education, the term exhibition refers to projects, presentations, or products through which students "exhibit" what they have learned, usually as a way of demonstrating whether and to what degree they have achieved expected learning standards or learning objectives. An exhibition is typically both a learning experience in itself and a means of evaluating academic progress and achievement. So the art exhibition was conducted as the part of completion of Hand Embroidery & Fabric Painting programme organized by Women's Forum.

26 participants of H&F programme and other 4 students of Devamatha College were participated in the programme. It was a great experience. We express our sincere gratitude to the Principal, Teachers and Non-teaching staff for their wholehearted cooperation with us.
