

**INDUSTRIAL VISIT REPORT**

{PLACE: GURUCHARAN INDUSTRIES BAIKAMPADY, NEW MANGALORE}

DATE: 20/12/2018

Industrial visit has its own importance in the career of a student with an aim to go beyond academics. Industrial visit provides student a practical perspective on the world of work. In this concern Deva Matha College Kuravilangad has organised an Industrial Visit to GURUCHARAN INDUSTRIES, MANUFACTURES AND EXPORTERS OF PLASTIC PROCESSING MACHINERIES AT BAIKAMPADY, NEW MANGALORE on 20<sup>th</sup> December as part of the study tour programme. About 33 students of final year B.com visited the industry. The visit was coordinated by the faculty in charge Fr. Dinoy Mathew and Mrs. Anu P Mathew. The students received a very warm welcome by the company executive Mr Jayasankar and he guided us to the industry .He explained the functioning of the unit.

**GURUCHARAN INDUSTRIES** was promoted by **Mr. JAYAKAR SHETTIGAR** in the year 1996 to manufacture the Plastic Processing Machineries, Allied Machineries, Spare Parts and Components of Plastic Processing & Allied Machineries. The unit has got latest and state of the art special purpose facilities for in house machining. The unit manufactures critical components of extruder machines like screws, barrels, dies, spirals, helical gearbox, housing etc. The industry comprises large no mechanical workers who are working in various sections like electric section, cutting section, drawing section etc. The industry is not only a manufacturer but an exporter to 25 countries. GCI is a growing name among Indian and international clients; all this is due to its extensive and continuously improving R&D department. It is a very popular manufacturing company popular who introduces labour and power saving devices to the global market. We got a great opportunity to view the functioning of various machineries such as Polypropylene twin die brown film plant, single die brown film plant, Water cooled reprocessing plants, Air cooled reprocessing plants etc. The officers explained us the marketing techniques used, costing methods adopted, wage calculations of workers, employee attendance systems etc. The company also briefed the future expansion plans.

We had a good learning and memorizing experience and the overall visit was a great success. The visit to the industry providing a plethora of information about the industry and its working.
