

The Research Promotion Council was established with the goal of fostering research excellence and integrating research activities in different departments. The council popularizes the importance of research and extension activities in the area of higher education and encourages teachers to pursue academic research. It provides research scholars and faculty with training and support on recent research trends. It also facilitates peer support through the promotion of personal contacts between research scholars. The council also serves as a venue for researchers to focus on common needs and issues.

ABOUT THE PROGRAMME

Deva Matha Webinar Series 2021

The purpose of the Deva Matha webinar series is to familiarise students with cutting-edge research areas. The webinars will cover a range of topics across a range of disciplines and will be targeted at undergraduate, postgraduate, and research scholars.

Paper presentation

During the programme, undergraduate or postgraduate students, as well as research scholars, may present their work. The papers presented during the webinar will be included in the proceedings of the webinar, which will be published in the conference proceedings 'Explorations'. Students who wish to submit their papers may do so via email to research@devamatha.ac.in
